

Focusing On Showing Gratitude, Love, Compassion and Prayers By CRE William Agnew, Pastor Crocker Presbyterian Church Crocker, Missouri

The Crocker church has a unique witness in their area, including Fort Leonard Wood army base. The congregation includes families of long tenure and also families passing through in their military service. Session has approved ZOOM live broadcasts for Sunday service and Adult Sunday School. Our ZOOM following is expanding to members and friends of the congregation outside of the state of Missouri. Each week attendance has been increasing.

Starting the week of April 5th a daily devotional, Thoughts for the Day, is sent out to the congregation.

Session members and pastor are consistently contacting members of the congregation through phone calls, emails, text message and or ZOOM.

Starting the week of April 12 on Tuesday evenings a weekly ZOOM one-hour broadcast with focus on Bible study and once a month fun evening on ZOOM for the church family.

Crocker houses the food bank for the community, as part of the Ministerial Alliance. Convoy of Hope is delivering pallets of food and other items to our church for distribution, besides other donations coming in to the church.

Several women in the church are making surgical masks to be distributed to the community, hospital, and others as requested

Each week with this pandemic we are finding lots of changes and a new normal for the church family, but we focus on showing gratitude, love, compassion and prayers for the church family and community.
